

French Progression Map

Intent

Catherine Cheater French offers a carefully planned sequence of lessons, ensuring progressive coverage of the skills required by the national curriculum. Our curriculum has been chosen to allow opportunity for children to gradually build on their skills and simply be confident enough to speak some conversational French. CC French enables children to express their ideas and thoughts in French and provides opportunities to interact and communicate with others both in speech and in writing. At the heart of the curriculum is the desire to expose children to authentic French, so the scheme offers regular opportunities to listen to native speakers. We also aim to build in expert teaching in the form of French Days by Mrs Mundy a secondary French specialist. On these days, children get more of a French experience!

In Lower KS2, children acquire basic skills and understanding of French with a strong emphasis placed on developing their Speaking and Listening skills. These will be embedded and further developed in Upper KS2, alongside Reading and Writing, gradually progressing onto more complex language concepts and greater learner autonomy.

Our aim is to prepare children in knowledge but also confidence to take their next steps in language learning.

Implementation

Lessons are sequenced so that prior learning is considered and opportunities for revision of language and grammar are built in. Our lessons and resources help children to build on prior knowledge alongside the introduction of new skills. A series of lessons are suggested, providing structure and context as well as offering an insight into the culture of French-speaking countries and communities. The introduction and revision of key vocabulary and grammatical structures is built into each lesson – this is often in song, French books and games. This vocabulary is then included in display materials and additional resources so that children have opportunities to repeat and revise their learning.

Impact

We want to ensure that French is loved by teachers and pupils across school, therefore encouraging them to embark on further language studies. Impact can also be measured through key questioning skills built into lessons, low stakes quizzes which aid in targeting next steps in learning. Children from our school tend to do well at MFL and we often hear from local secondary schools where children from Powerstock stand out as linguists!

Children understand basic grammar appropriate to the language being studied, including (where relevant): feminine, masculine and neuter forms and the conjugation of high frequency verbs; key features and patterns of the language; how to apply these, for instance, to build sentences; and how these differ from or are similar to English.

Children can:

- a** show awareness of word classes – nouns, adjectives, verbs and connectives and be aware of similarities in English;
- b** name the gender of nouns; name the indefinite and definite articles for both genders and use correctly; say how to make the plural form of nouns;
- c** recognise and use partitive articles;
- d** name the first and second person singular subject pronouns; use the correct form of some regular and high frequency verbs in the present tense with first and second person;
- e** name the third person singular subject pronouns; use the present tense of some high frequency verbs in the third person singular;
- f** use a simple negative form (ne... pas);
- g** show awareness of the position and masculine/feminine agreement of adjectives and start to demonstrate use;
- h** recognise and use the first person possessive adjectives (mon, ma, mes);
- i** recognise a high frequency verb in the imperfect tense and in the simple future and use as a set phrase;
- j** conjugate a high frequency verb (aller – to go) in the present tense; show awareness of subject-verb agreement;
- k** use simple prepositions in their sentences;
- l** use the third person singular and plural of the verb 'être' in the present tense.
