

The topic in Burton Class this term is All around the world.

 Fledgling	Out & about 	 Windows on the world	
We will be learning about the skills and qualities needed to work as a team. We will go to the Leisure Centre each week, learning and improving our swimming.	We will be learning about how to stay healthy in PHSE. We will also be enjoying and making careful observations about Spring and Summer by doing forest school activities each week.	The children will learn about the countries of the world and will develop their place knowledge and understanding. They will explore and investigate geographical similarities and differences of a contrasting locality with a non-European country. The children will be able to identify and explain key physical and human features and begin to use geographical skills.	
 As Historians we will learn about Mary Anning and about her contributions to palaeontology.	 As Geographers we will be looking at maps and flags and learning about other countries of the world. We will learn about a family living in Mexico.	 As Writers we will be continuing to improve our phonics. We will be focusing on rhyme and increasing our vocabulary.	 As Mathematicians we are continuing to practise our + - x and divide skills. We will be counting in patterns, telling the time and using money.
 As scientists we will be learning about ways to stay healthy. We will also learn about seasonal changes.	 As artists and designers, we will be printing and learning about Joan Miro. We will design a mascot for the Coronation.	 As sports people we will be learning to swim or improving our skills in the pool.	 As Linguists we will be learning colours and numbers in Spanish.
 <ul style="list-style-type: none">As rights respecting young people we will learn more being our best and growing and changing.	 As musicians we will be learning new songs and move to the pulse. We will be learning how to record musical notes when listening to clapping patterns and pieces of music.	 In RE we will be finding about special places and thinking about what God is like. We will also learn about Shabbat.	 As computer scientists we will learn how important it is to keep personal details private when using the Internet. We will learn about pictograms and programming quizzes.
