

Learning together to be the best that we can be!

Burton Power Project – Autumn 2 Due date: December 2025 Units we are covering this term: Great Explorers (History) Exploring the world through monoprint (art) Materials (Science) Simple no-cook recipes (DT) North and South Pole (Geography)	2 Point Tasks: • Design a poster about one of the explorers we have been learning about. • Have a go at drawing some things that you see in nature (leaves, shells etc.). • Choose an object in your home and write 5 adjectives to describe it. • Have a go at cooking with your parents – take a photo and share what you did. • Find out some animals that you might find on the North and South poles – you could draw them, make a list or do a poster.
1 Point Tasks: • Orally explain what Christopher Columbus or Neil Armstrong are famous for. • Use some fruit and vegetables at home to have a go at printing. • Find as many things as you can that are made of metal in your home. • Find a recipe book at home and share your favourite thing to eat in it.	3 Point Tasks: • Find out information about an explorer that we have not covered (Christopher Columbus and Neil Armstrong) and present 5 facts on them. • Create a printing plate using some string and cardboard. • Choose an object in your home and write a paragraph to describe it. • Write your own recipe for how to make something that you like (this could be a cake or a sandwich or something even more spectacular). • Make a moving picture of some of the animals that you might find on the North or South poles.

Pupils are expected to complete **at least 5 points** worth of homework over the course of the half term by the deadline. This can be made-up of any combination of 1, 2, or 3 point tasks. Achieving the 5 points will mean the pupil receives 5 points for their House.

Pupils who go above and beyond by completing ALL tasks will earn an extra 50 points for their House team!
